**RE: Moskowitz v. Forster
15 CV 5265 (RRM) (LB)**

Dear Judge Mauskopf:

I represent the plaintiff in the above matter. Having given due consideration to Your Honor's comments at the pre motion conference, we have decided to not proceed against Portfolio Recovery Associates "PRA." I have just filed an amended complaint asserting claims of plaintiff Moskowitz against Forster & Garbus with the class being defined as those members having received a letter where there creditor is PRA.

I shall file a separate action against on behalf of plaintiff Espinosa against Forster, Midland, Midland and Encore and deem it related to this one.

I believe that the foregoing comports with my drawing reasonable inferences from the pre motion conference. I would respectfully request that the docket sheet and case caption be reflected accordingly.

Thank you for the Court's consideration of the foregoing.

Yours faithfully,

/s/

Adam J. Fishbein
